

A Note from Dr. Anna Song

Artistic Director & Conductor

Summer greetings! IM's 17th concert season, *Under the Same Sky*, will explore our shared humanity across cultures, age, ideologies, genders, even time and space. We increasingly hear about the widening gap and divisions separating us from one another, and it feels harder to find common ground with those who are different from ourselves. However, we all share needs and dreams under the same sky.

It is through our shared humanity that we can find hope and healing in the face of suffering and loss, identity and meaning to guide our way, love and compassion to conquer fear and isolation. I invite you to journey with IM as we reflect on these themes through music, itself a universal form of human expression with the power to transform and connect.

Our Mission

In Mulieribus (*een-moo-lee-EH-ree-boos*) — the Latin phrase meaning "among women" — is a women's vocal ensemble dedicated to strengthening community through the art of music. The ensemble specializes in works written before 1750 and champions new repertoire by women composers and for women's voices.

Virginia Garcia Memorial Health Center

This season, we are proud to partner with Virginia Garcia Memorial Health Center as they provide high quality health care for those who need it most, with a special emphasis on migrant and seasonal farmworkers and others with barriers to receiving health care.

Please consider helping us support VGMHC (inmulieribus.org/partnerships) with donations at In Mulieribus concerts throughout the season.
